# TO OUR STAKE HOLDERS

## Greetings

Dear esteemed Friends, well-wishers, and valued partners,

We are delighted to present the **Integrated Annual Report** encompassing the first full year of operations, spanning from **July 2022 to June 2023**. This year has been truly exceptional, characterized by the smooth and uninterrupted implementation of all **G2SU programs**, courtesy of the absence of any lockdowns. It is with great pleasure that we share the remarkable **highlights and accomplishments** from this transformative period.

## Projects Carried Out

Throughout the year, G2SU embarked on a multitude of projects aimed at **empowering and uplifting the community** we serve. These initiatives have brought about significant positive change and empowerment, making a tangible difference in the lives of our beneficiaries.

Allow us to provide a detailed overview of the **key projects undertaken**:

1. **Liquid Soap Project for G2SU Mothers:** Empowering self-sufficiency and income generation.
2. **Farming Project:** Enhancing food security and sustainable agriculture practices.
3. **Baking Project for G2SU Kids:** Igniting creativity and entrepreneurial spirit.

These projects have not only provided practical skills but have also fostered a sense of ownership and empowerment within our beneficiaries. We are delighted to share that, as a testament to their success, G2SU was able to provide **startup capital** to two deserving mothers, supporting them in establishing their own businesses. While one business is being closely monitored for its growth and impact, it is unfortunate that the other mother misused the funds provided, resulting in her removal from any G2SU-related activities. We remain committed to transparency, accountability, and the responsible use of resources as we continue our journey of empowerment.

## Challenges and Limitations

As we reflect on the past year, we are immensely grateful for the absence of significant challenges or limitations that impeded the progress of our programs. The smooth implementation of G2SU activities allowed us to channel all our efforts and resources into fulfilling our mission. This fortuitous circumstance not only facilitated the seamless execution of projects but also amplified the impact we were able to achieve. We acknowledge and

appreciate the invaluable support and collaboration of our stakeholders in creating an environment conducive to our success.

## Looking Ahead

As we stand on the precipice of a new year for G2SU, we are brimming with anticipation and excitement for what lies ahead. Building upon the foundations of our achievements, we envision a future characterized by **innovation, collaboration, and sustained impact**. We are committed to continuous improvement and strive to explore new avenues to enhance the effectiveness and scalability of our programs.

In the upcoming year, we have several exciting proposals poised for implementation. These initiatives encompass a wide range of areas, including **vocational training, microfinance, healthcare support, and community outreach**. Through strategic partnerships, targeted interventions, and a comprehensive approach, we aim to address the multifaceted challenges faced by our community and create lasting change. With your unwavering support, we are confident that the year ahead will be marked by further transformative accomplishments, enhancing the lives of our beneficiaries and inspiring hope for a brighter future.

As we extend our heartfelt gratitude to each of you for your unwavering support, trust, and belief in the vision of G2SU, we invite you to join us on this journey of empowerment and impact. Together, we can shape a world where every individual has the opportunity to thrive, regardless of their circumstances.

Thank you for your continued commitment to G2SU and our shared mission.

Yours sincerely,

**Shangi Jedson Executive Director July 2023**

### Mission Statement

Improving the lives of Ugandan Children through empowering with social support and spiritual growth

### Vision

To give a chance to every boy and child in Uganda to benefit from an education and to have a sound start in life

### Objectives

- ❖ To provide psycho-social support to vulnerable children and youth
- ❖ Develop a family-centered environment that can provide information, support, advocacy and networking for families and their communities.
- ❖ Develop partnerships with local education centers and similar organizations to enhance our services
- ❖ Maintain the financial and ethical integrity of the organization through sound governance, record keeping and management practices
- ❖ To increase access to basic social necessities for children and youths in schools and communities
- ❖ To strengthen Religious values and ethics among children and youths.

### Core values

1. **God's Word** - We are guided by God's word as our final standard. *1 John 4:16*
2. **Prayer** - God is our Founder. We put Him first and at the center of all we do. *1 Thessalonians 5:17*
3. **Vision Oriented** - We are a Vision guided organization for without a vision; people perish. *Proverbs 29:18*
4. **Integrity** - We uphold honesty, consistency and uncompromising adherence to moral, ethical and organizational values.
5. **Accountability & Transparency** - We are held responsible by all our stakeholders and we willingly avail all information about the organization, its projects, programs and activities.
6. **Humility & Humanity** - We put people first because we value them and recognize them as gifts from God.

Every child should have knowledge about God

## Educational Support

Every child in Uganda should benefit from an

## Women and Girls

G2SU hopes to support single mothers with their family needs and sanitary materials

## Clean drinking water

Every household must have safe & clean

# LIQUID SOAP PROJECT.

The Liquid Soap Project implemented by G2SU on the 16th of August 2022 was a significant endeavor aimed at empowering the enrolled mothers within the G2SU community. The project took place at the G2SU offices in Bwebajja and was spearheaded by Ms. Violet, a dedicated volunteer with extensive training in Liquid Soap Making.

The project began with a morning session that focused on the theoretical aspects of liquid soap production. During this session, the mothers were educated on the importance of the project, including its potential for generating income and improving their financial situation. Additionally, they received valuable insights into marketing skills, which would enable them to effectively promote their products in the market.

After the theoretical session, the mothers had the opportunity to gain hands-on experience in the actual production of liquid soap. Under the guidance and supervision of Ms. Violet, they actively participated in the soap-making process, learning the techniques and intricacies involved in creating high-quality liquid soap.

Upon completing the training, each mother was provided with a sample of the liquid soap they had produced. The distribution of these samples served a dual purpose: not only did it allow the mothers to have a tangible product to take home and utilize for their own needs, but it also served as a powerful tool to inspire and motivate other women within their communities to explore alternative income-generating activities.

To ensure an effective training experience, the sessions were conducted in small batches at the G2SU offices in Bwebajja. This approach allowed for personalized attention and interaction, enabling the mothers to grasp the techniques and concepts thoroughly.

Looking ahead, G2SU's objective for the Liquid Soap Project is not only to impart the necessary skills to the enrolled mothers but also to provide them with the means to kick-start their own liquid soap production businesses. The next phase of the project involves providing the mothers with start-up capital, which will serve as a catalyst for their entrepreneurial journeys.

The Liquid Soap Project stands as a testament to G2SU's commitment to empowering women and fostering economic independence within the community. By equipping the enrolled mothers with valuable skills and resources, G2SU aims to create a ripple effect of positive change, uplift families, and contribute to the overall development and well-being of the community as a whole.

# GIVING OUT OF SCHOLASTIC MATERIALS TO G2SU KIDS AND BOOKS TO FEED THE STREETS FOUNDATION

G2SU places great importance on providing support and resources to ensure that all children enrolled in our program have the necessary scholastic materials to thrive in their educational journey. At the beginning of each term, G2SU takes the initiative to distribute a range of scholastic materials, including books, shoes, school bags, pens, reams of paper, and pencils, among others, to all the children under our care. This endeavor is driven by our commitment to ensuring that every child can stay in school without any disruptions and to fulfill one of our core objectives of providing scholastic materials.

In October 2022, as part of our ongoing efforts to make a broader impact and extend support beyond our immediate community, G2SU collaborated with the Feed the Streets Foundation. Through this partnership, G2SU donated 30 dozens of books to support the children under the Feed the Streets Foundation's care. This donation aimed to provide educational resources to children who may face difficulties accessing such materials due to their circumstances.

By extending our reach through partnerships like this, G2SU aims to contribute to the education and well-being of children beyond our program's immediate scope. We believe that by providing essential educational resources, we can empower these children with the tools they need to succeed academically and open up new opportunities for their future.

This collaboration between G2SU and the Feed the Streets Foundation exemplifies our commitment to creating meaningful partnerships and leveraging our resources to make a positive difference in the lives of vulnerable children. Together, we strive to build a stronger foundation for education, instill a love for learning, and pave the way for a brighter future for all children, regardless of their circumstances.

## BEDDINGS GIVE AWAY

In December 2022, G2SU undertook a compassionate initiative to improve the living conditions of the Mukwaya Geoffrey's family, one of the children under our care. During a previous visit to their home, we were deeply moved by the inadequate state of their bedding. Motivated by our commitment to improving the lives of the families we serve, we took it upon ourselves to address their bedding situation.

G2SU was able to purchase three brand new mattresses, three warm blankets, and three pairs of fresh bed sheets for the Mukwaya Geoffrey's family. This intervention was met with profound gratitude and appreciation from the family. The provision of new beddings not only offered physical comfort but also symbolized our care and commitment to their well-being.

By alleviating the family's bedding challenges, G2SU aimed to create a more conducive and comfortable sleeping environment. Quality sleep plays a vital role in overall health and well-being, particularly for growing children. Through this act of generosity, we sought to contribute to the family's improved quality of life and promote a sense of security and dignity.

At G2SU, we firmly believe that every child and their family deserves a safe and nurturing environment. Our commitment extends beyond education and extends to addressing the basic needs of the families we support. By providing essential items such as mattresses, blankets, and bed sheets, we strive to create a positive and dignified living experience for those in need. The impact of this gesture goes beyond the material goods provided. It sends a powerful message of compassion, empathy, and solidarity, reminding the Mukwaya Geoffrey's family that they are not alone in their journey. The appreciation expressed by the family affirms the significance of our intervention and motivates us to continue our mission of making a positive difference in the lives of the individuals and families we serve.

Through acts of kindness like this, G2SU endeavors to create a ripple effect of positive change, spreading hope, and improving the lives of those facing challenging circumstances. We are grateful for the support and contributions that enable us to carry out these meaningful interventions, and we remain committed to our vision of empowering and uplifting communities, one family at a time.

On February 7th, G2SU's directors, staff, and volunteers embarked on a visit to the Nateete mothers, who were in dire need of proper bedding. Witnessing the challenging sleeping conditions of these mothers, we were deeply moved and felt compelled to provide assistance. During the visit, G2SU donated mattresses to two mothers enrolled in our program, namely Mama Latigo and Mama Disan.

The living conditions these mothers faced were extremely challenging, particularly when it came to their sleeping arrangements. The lack of proper mattresses greatly impacted their quality of sleep and overall well-being. Recognizing the importance of a good night's rest for physical and mental health, we were determined to alleviate their discomfort and bring them a measure of relief.

The donation of mattresses to Mama Latigo and Mama Disan was met with immense joy and gratitude. The provision of these essential items not only improved their sleeping conditions but also conveyed our genuine concern for the welfare of the parents enrolled in the G2SU program. By addressing their immediate needs, we aimed to uplift their spirits and provide a sense of comfort and security.

At G2SU, we firmly believe that the well-being of parents is closely intertwined with the well-being of their children. By improving the living conditions of the mothers enrolled in our program, we create a positive environment that benefits both the parents and the children. Our commitment extends beyond academic support to encompass the holistic welfare of the entire family unit.

Through acts of compassion and generosity like this, we strive to bring joy and relief to those facing challenging circumstances. We are driven by a deep sense of empathy and a genuine desire to make a positive impact in the lives of the families we serve. The happiness expressed by Mama Latigo and Mama Disan fuels our dedication to continue our mission of uplifting communities and ensuring the well-being of parents and children enrolled in the G2SU program.

We are immensely grateful for the support and contributions that enable us to carry out these meaningful interventions. Together, we can make a difference and create a brighter future for families in need.

## VISITING G2SU MOTHERS IN NATEETE

On 7<sup>th</sup> of February the directors and staff of G2SU together with the volunteers went to visit the G2SU enrolled mothers in Nateete. This was majorly because the directors needed to know where the mothers stay and the condition under which they live so as to get a clear picture on who needs more help and support among these mothers and also to find out who to consider first for the individual sponsorship program. The mothers who were visited that day include; Shamira's mother, Mukwaya's mother, karungi's mother, Disan's mother and Latigo's mother. The visit went well and the decision on which mother to be enrolled under individual sponsorship is yet to be made by the directors.

# GIVING START UP CAPITAL TO G2SU MOTHERS

On the 7th of March 2023, G2SU took a significant step towards empowering the enrolled mothers by providing them with startup capital. This initiative aimed to support the mothers in realizing their entrepreneurial aspirations and generating income for themselves and their families. Two mothers, namely the mother of Latigo Jonathan and the mother of Karungi Joseph, were selected to receive this support.

The process began earlier in the year with a meeting between the G2SU enrolled parents, staff, and the director. During this meeting, the parents were invited to submit their proposals outlining their business ideas and plans. Both Latigo's mother and Karungi's mother showcased their determination and ambition by presenting distinct ideas for their entrepreneurial ventures. Karungi's mother, who intended to start a baking business, received startup capital in the form of three packs of flour, one sack of charcoal, two liters of cooking oil, and a frying pan. These resources would enable her to kick-start her baking enterprise, creating opportunities for income generation and economic independence.

Similarly, Latigo's mother, who planned to engage in charcoal selling, was provided with a cash grant of 240,000 UGX, equivalent to the cost of four sacks of charcoal. This capital infusion would serve as the foundation for her charcoal selling business, enabling her to embark on this venture and support her family's financial needs.

The provision of startup capital aimed to empower these mothers and equip them with the resources necessary to establish and sustain their own businesses. By supporting their entrepreneurial endeavors, G2SU sought to create a pathway to self-reliance and financial stability, ensuring that the mothers could continue providing for their children's well-being even after they are no longer enrolled in the G2SU program.

Through these initiatives, G2SU remains committed to supporting the mothers' journey towards economic empowerment. By investing in their entrepreneurial aspirations, the organization strives to uplift families, break the cycle of poverty, and foster sustainable change within the community. The provision of startup capital not only addresses immediate financial needs but also lays the foundation for long-term growth and success.

G2SU celebrates the determination and ambition demonstrated by Latigo's mother and Karungi's mother. We believe in their potential to succeed and are dedicated to providing ongoing support, mentorship, and guidance as they embark on their entrepreneurial journeys.

Together, we can create a future where every parent has the opportunity to thrive, ensuring a brighter future for their children and the entire community.

# VISTING FEED THE STREETS FOUNDATION AND MAKING OF AN MOU.

On the 8th of February 2023, the directors of G2SU undertook a visit to the Feed the Streets Foundation, marking the beginning of a promising partnership between the two organizations. During the visit, an MOU (Memorandum of Understanding) was drafted, outlining the terms and objectives of the collaboration. While the MOU is yet to be signed, both G2SU and Feed the Streets Foundation are committed to working together to improve the lives of the less privileged in Uganda, particularly children.

This partnership holds tremendous potential for making a positive impact on the lives of many children in Uganda. Under the proposed MOU, G2SU will contribute to the well-being and education of the Feed the Streets children by providing scholastic materials such as books, pens, pencils, and other essential supplies. By addressing their educational needs, G2SU aims to empower these children and offer them opportunities for learning and personal growth.

Additionally, G2SU intends to extend support beyond education by donating clothes to the children under the care of Feed the Streets Foundation. This contribution will help meet the basic needs of these vulnerable children, ensuring that they have appropriate clothing for their daily lives.

By joining forces, G2SU and Feed the Streets Foundation are pooling their resources and expertise to create a more comprehensive and impactful approach to supporting the less privileged in Uganda. This partnership represents a shared commitment to address the multifaceted challenges faced by these children and offer them a brighter future.

As the MOU is finalized and signed, G2SU and Feed the Streets Foundation will solidify their collaboration and establish a framework for ongoing cooperation. This partnership signifies a significant step forward in the joint effort to uplift and empower the less privileged, providing them with the necessary support and opportunities to overcome the barriers they face.

G2SU is honored to work alongside Feed the Streets Foundation, and we are eager to embark on this journey together, creating a positive and lasting impact on the lives of the children we serve. Through this partnership, we aspire to foster a sense of hope, dignity, and transformation, enabling these children to realize their full potential and contribute meaningfully to society.

## DONATION OF CLOTHES TO G2SU KIDS.

Every January, as the directors of G2SU return to Uganda from their holidays in the Netherlands, they bring back suitcases filled with clothes donated by generous supporters from the Netherlands. These donated clothes are primarily intended for the G2SU kids, reflecting the donors' thoughtful consideration of the children's dress code and their desire to see them dressed in a dignified and respectable manner.

The support from donors in the Netherlands is instrumental in ensuring that the G2SU kids have access to quality clothing. The donated clothes not only fulfill their practical needs but also contribute to their overall well-being and self-esteem. By providing them with decent and appropriate clothing, we create an environment that promotes confidence, self-expression, and a sense of belonging for the children.

The act of bringing back suitcases filled with clothes from the Netherlands demonstrates the commitment and dedication of the G2SU directors to go above and beyond in ensuring the welfare of the children. Their efforts in collecting and delivering these donated clothes signify a deep appreciation for the donors' generosity and a shared commitment to providing the best possible care for the G2SU kids.

G2SU recognizes the significant impact that appropriate clothing can have on a child's sense of identity, dignity, and belonging. By dressing the children in decent attire, we reinforce the notion that they are valued, respected, and worthy of care. The donated clothes contribute to creating a positive and nurturing environment where the children can thrive and reach their full potential.

We extend our heartfelt gratitude to the donors in the Netherlands for their thoughtfulness, compassion, and continuous support. Their contributions go beyond material possessions; they provide the G2SU kids with a sense of pride, confidence, and hope for a brighter future.

The ongoing collaboration between G2SU and the donors in the Netherlands exemplifies the power of global partnerships in creating positive change. Together, we strive to uplift the lives of the G2SU kids, ensuring that they have the necessary resources, including clothing, to flourish and succeed. Through this collective effort, we work towards a future where every child can experience love, care, and dignity, regardless of their circumstances.

# SUPER SATURDAY

Super Saturday is a remarkable program that takes place at the G2SU office in Bwebajja on the last Saturday of every month. It serves as a platform for children enrolled with G2SU, volunteers, partners, staff, and well-wishers to come together, fostering deeper connections and providing moral and spiritual support through interactive sharing and discussions.

The primary objective of Super Saturday is to facilitate a space where everyone involved can get to know each other better. This sense of community and camaraderie strengthens the bonds between the children, volunteers, and supporters, creating a supportive network that uplifts and encourages each individual.

Throughout this year, Super Saturday has been instrumental in providing the children with valuable knowledge and skills. They have had the opportunity to learn various subjects, including the books of the Bible, farming skills, and baking skills. By equipping the children with these practical, hands-on abilities, G2SU aims to empower them for their future beyond the organization. These skills not only enhance their self-sufficiency but also open doors to potential income-generating opportunities.

During Super Saturday, the children engage in activities that promote teamwork, cooperation, and mutual understanding. By building healthy relationships with their peers, they learn the importance of collaboration and support, laying the foundation for a strong sense of community. At the end of each Super Saturday program, the children are provided with a kilogram of rice and beans to take home. This provision of food serves as both a practical gesture of support and a symbol of care. It ensures that the children have a nutritious meal to enjoy and helps alleviate any immediate food security concerns they may face.

Super Saturday embodies the holistic approach that G2SU adopts in its programs. By focusing on not only educational and skill-building aspects but also on building a sense of community and providing basic necessities, G2SU seeks to nurture the well-being and overall development of the children under its care.

The success of Super Saturday is made possible by the dedication and collaboration of volunteers, partners, staff, and well-wishers who contribute their time, resources, and expertise. Their involvement in this program is a testament to their commitment to the welfare and growth of the children, creating an environment where they can thrive and flourish.

G2SU remains committed to fostering a supportive and empowering environment through programs like Super Saturday. By providing a platform for personal and spiritual growth, knowledge acquisition, and community-building, we aim to equip the children with the skills and support they need to lead fulfilling lives and make positive contributions to their communities.

# INDIVIDUAL SPONSORSHIP PROGRAM

In November, we proudly initiated an individual sponsorship program, and we are thrilled to share its heartwarming impact on two beneficiaries: Angel Gabriel Kakama and Mukwaya Geoffrey. Through your generous contributions, we have been able to extend a helping hand to these individuals and their families in various significant ways.

The support provided by this program has enabled these families to address crucial needs, such as securing accommodation for the children and ensuring they have access to essential food supplies. Moreover, your kindness has extended even further, as Geoffrey's mother seized the opportunity to start a business, thanks to the financial aid received through the program.

We extend our heartfelt gratitude to our dear donors, as it is your unwavering support that has made all this possible. Your compassionate contributions have not only improved the living conditions of these beneficiaries but have also empowered them to take steps towards a more promising future.

The impact of your generosity is immeasurable, and we are immensely grateful for your dedication and willingness to make a positive change in the lives of those in need. Your ongoing support will undoubtedly continue to create lasting transformations and uplift many more individuals facing challenging circumstances.

Once again, thank you for your remarkable generosity and for being the driving force behind this life-changing sponsorship program. Together, we are making a difference and fostering hope for a brighter tomorrow.

# DOCUMENTARY

In August 2022, we had the privilege of creating a compelling and insightful documentary that focused on the lives of five remarkable women from G2SU - Sharon, Mama Latigo, Mama Karungi, Mama Mukwaya, Mama Disan, and Mama Shamira. This documentary provided a deep and intimate look into their unique stories and current circumstances.

Throughout the documentary, we had the opportunity to shed light on the challenges and triumphs faced by each of these mothers. From Sharon's determined pursuit of her dreams to Mama Latigo's unwavering strength in the face of adversity, their journeys captivated audiences and inspired empathy.

Mama Karungi's resilience and resourcefulness in providing for her family despite limited resources were truly heartening. Meanwhile, Mama Mukwaya's entrepreneurial spirit and determination to build a better future for her loved ones were equally compelling.

The documentary also delved into Mama Disan's touching dedication to her children's well-being and the sacrifices she makes to ensure their happiness and education. Additionally, Mama Shamira's uplifting story of overcoming obstacles to create a nurturing home for her family resonated deeply with viewers.

Throughout the film, we aimed to foster empathy and understanding, encouraging audiences to appreciate the strength and resilience of these incredible mothers. Their stories served as a testament to the power of determination, love, and community support.

By sharing these stories, we hoped to raise awareness about the challenges faced by mothers in underserved communities like G2SU. It was our sincere belief that this documentary would help initiate conversations and inspire action towards creating a brighter future for these women and their families.

We are grateful for the opportunity to have worked on this documentary and are humbled by the strength and courage exhibited by Sharon, Mama Latigo, Mama Karungi, Mama Mukwaya, Mama Disan, and Mama Shamira. Their stories have left an indelible mark on our hearts, and we hope that their experiences continue to resonate with audiences far and wide.

# CONCLUSION

We extend our deepest and most heartfelt gratitude to our generous donors, for without your unwavering support, none of this would have been possible. Your commitment to the vulnerable in our community has been instrumental in bringing about meaningful change and providing opportunities for a better future.

Thanks to your generosity, we were able to provide education to numerous children this year, empowering them with knowledge and skills that will shape their lives positively. The impact of your contributions has been evident in the remarkable improvements seen in their academic performance, and we are thrilled to witness them thriving and enjoying their educational journey.

Your kindness and compassion have touched the lives of countless individuals, families, and communities, making a profound difference in their circumstances. Through your help, we have been able to reach out to the most vulnerable, providing essential resources and support to those who need it the most.

Every child's smile, every improved grade, and every hopeful future are a testament to the power of your generosity. Your support has been the driving force behind our efforts, and we are truly grateful for your belief in our mission and your willingness to make a positive impact on the lives of those in need.

This is a moment to express our heartfelt appreciation to each and every one of our donors who made it possible for us to extend a helping hand to different communities. Your contributions have created ripples of change that will continue to resonate for years to come. Once again, thank you for being the pillars of hope and for joining us in our journey to create a more inclusive and compassionate world. Your support is invaluable, and we are immensely grateful for the difference you have made in the lives of those we serve. Together, we are building a brighter future for all.

To our esteemed directors,

We are deeply moved and immensely grateful for your continued support and generous donations to G2SU. Your unwavering commitment to our cause has not gone unnoticed, and we want you to know just how vital your contributions are to the children we serve. Your compassion and dedication to our kids mean the world to us, and we cannot express enough how much of a difference you are making in their lives. Thank you from the bottom of our hearts.

It is your selfless giving and ongoing commitment that enables us to provide the necessary resources and support to the children who depend on us. Your kindness has opened doors of opportunity for these young ones, offering them hope, education, and a chance at a brighter future. Without you, our mission would be incomplete, and we are deeply appreciative of your involvement in our journey.

Our gratitude extends beyond measure to all our donors. Each one of you has shown tremendous generosity and made sacrificial contributions, which have been instrumental in the success of our projects. Your belief in our vision has uplifted countless lives and instilled hope where it was needed most. May the good Lord bless you abundantly for your kindness and benevolence.

We also want to extend our thanks to the Ugandan Government leaders for their invaluable collaboration with G2SU. Your support has helped us navigate challenges and create an even greater impact within the community. We are grateful for the warm welcome and acceptance of our projects, which has played a significant role in our achievements.

Together, with the collective effort of donors like you and the cooperation of the Ugandan Government and community, we are making a positive difference in the lives of many. Your continued support inspires us to keep pushing forward, striving to create a more inclusive and compassionate society.

Once again, thank you, Mr. and Mrs. Shangji, and all our esteemed donors, for being the driving force behind the success of G2SU. We are blessed to have your unwavering support and belief in our mission. Together, we are transforming lives and shaping a brighter future for the children and the communities we serve.

With heartfelt appreciation and warmest regards,  
G2SU.
